Our Philosophy

At Bottle & Branch, our guiding principle is to highlight the beauty in nature while customizing every aspect of event floral design to reflect what is uniquely you. We cherish clients who trust in our ability to align the season's best blooms and botanicals with the creative vision of our experienced design team. We strive to use local flowers at every chance, we ally with independently owned and operated venues and we employ and support diversity, equity and inclusion.

Offerings

We offer both full-service and a la carte weddings. We are happy to work with a range of budgets for clients flexible on floral varieties who trust us to find creative solutions without sacrificing quality.

Full-service weddings are those that include personals (bouquets, boutonnieres, corsages), centerpieces/tablescapes, aisle and/or altar adornment, candles, décor and setup/breakdown. Our full-service wedding minimum is \$3500, and includes consultation, design proposal and cake floral.

A la carte wedding services are priced based on pickup or drop-and-go delivery, with setup executed by others. Personals and centerpieces can be delivered directly to the wedding venue or can be picked up from our Chicago-based studio by your event planner or designated day-of contact. A la carte pricing is as follows, with the averages listed below taking a range of flower varieties into consideration.

Pricing

- Bridal bouquet: \$200 and up
- Bridesmaids' bouquets: \$100 and up
- Boutonnieres: \$30
